May 19, 1981

- 8 JUN 1981

United States E.P.A.
Region II
Sites Notification
New York, New York 10007

Gentlemen,

Attached you will find a "Notification of Hazardous Waste Site" as directed by the Comprehensive Environmental Response, Compensation and Liability Act. The notification for our Lee Road site is for your informational purposes only. Our interpretation of the act indicates that we are not required to report, but due to the uncertain nature of the situation felt that this material might be of concern to your office.

Our Lee Road site was formerly a portion of a municipal landfill. The facility accepted a large variety of refuse of an uncertain nature. The facility was closed and subsequently developed. The current Lee Road site is located on this closed landfill. The site is owned by the Urban Development Corporation of New York.

If you have any questions, please call me at 716-546-9787.

Sincerely,

T.P. Gilligan

May 19, 1981

City Engineer
City of Rochester
City Hall
30 Church Street
Rochester, New York 14614

Gentlemen:

The Lee Road Operations of Rochester Products Division General Motors Corporation is located on portions of the old Emerson Street Landfill. Under Section 103 (c) of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, past owners of facilities containing hazardous waste are required to notify the United States Environmental Protection Agency of past hazardous waste disposal sites.

Since this facility was operated by the city prior to the acquisition of the site by GM Corporation, we have no way of determining what wastes were disposed there and in what volumes. To avoid any legal complications, we have filed the attached notification required under the act. We are supplying it for the Region II E.P.A. office's informational use only. We urge you to review the provisions of the act and determine the suitable response.

If you have any questions, please call me at 546-9787.

Sincerely,

A handwritten signature in cursive script that reads 'Thomas P. Gilligan'.
